The caregiver may benefit from a respite period ranging from 4 to 14 consecutive days on an occasional basis.

The caregiver will receive an invoice after the baluchonnage for an amount equivalent to \$15 per day.

File information :

The caseworker is familiar with our inclusion and exclusion criteria, including the requirement that the person being cared for must have a loss of autonomy.

Cancellation of a Respite Request / Termination of a Baluchonnage :

The caregiver is informed that in the event of a cancellation of the respite request due to death, permanent placement, or hospitalization, no fees will be charged. However, in the case of cancellation for any other reason, the caregiver is required to pay \$15 for each planned day, provided the baluchonnage had been officially confirmed.

Emergency contacts must be available if needed during the respite period. In the event of hospitalization, the baluchonnage ends, and the emergency contact must take over as soon as they are notified.
