

Baluchonnage:

The baluchonnages (respite care periods) are allocated on a first-come, first-served basis. Requests can be made up to 3 months in advance (e.g., January 1 for a baluchonnage in April).

The caregiver can enjoy a respite of 4 to 14 consecutive days on a one-off basis.

The caregiver will receive an invoice after the baluchonnage for the amount of \$15 per day.

Information on file:

The caregiver is aware of our acceptance and refusal criteria, including that which relates to loss of autonomy.

For more details on the criteria, visit: <https://www.baluchonrepit.com/en/criteres-dadmission>

Cancellation of baluchonnage request / Termination of a baluchonnage:

The caregiver is informed that in the event of a cancellation of the baluchonnage request due to death, placement in permanent care or hospitalization, no fee will be charged. However, in the event of cancellation for any other reason, the caregiver is required to pay \$15 per scheduled day, if the baluchonnage had been duly confirmed.

Emergency contacts must be available in case of need during the respite period. In the event of hospitalization, the baluchonnage ends, and the emergency contact must take over as soon as he or she is notified.
